Slinfold Parish
Council

Approved July 2017

Social Media Policy

Introduction

The use of digital and social media now has a clear and compelling impact on all areas of local government enabling better and more direct contact between the Parish Council, the people and businesses it serves and the agencies that it works with.

Social media provides an alternative channel (to written correspondence, telephone and face to face conversation) for the Parish Council to inform and respond to questions and queries raised by people who live in, work in and visit Slinfold parish. It can also enable the Parish Council to deal more efficiently with the various agencies (e.g. the surrounding parishes, district council and the county council) that deliver services to local people.

The policy is intended to provide guidance to council staff, parish councillors, volunteers and others who engage with the council using online communications, collectively referred to as social media. The principles of the policy apply to staff, councillors, in certain circumstances volunteers and to others communicating with the Parish Council.

What is Social Media

Social media is the collective of online communications channels dedicated to community-based input, interaction, content-sharing and collaboration. Prominent examples are:

- [Facebook](#) is a popular free social networking website that allows registered users to create profiles, upload photos and video, send messages and keep in touch with friends, family and colleagues. According to statistics from the Nielsen Group, Internet users within the United States spend more time on Facebook than any other website.
- [Twitter](#) is a free microblogging service that allows registered members to broadcast short posts called tweets. Twitter members can broadcast tweets and follow other users' tweets by using multiple platforms and devices.

The policy covers all forms of social media and social networking sites which include, but are not limited to:

- Parish Council website and email;
- Facebook, Myspace and other social networking sites;
- Twitter and other micro blogging sites;
- YouTube and other video clips and podcast site;
- LinkedIn;
- Blogs and discussion forums;

The use of social media does not replace existing forms of communication.

The Social Media Policy

This Social Media policy aims to describe how the Parish Council will use social media to improve and expand the ways in which it communicates with its residents,

local businesses and the various government (local and central) agencies that it deals with. The Parish Council has a corporate presence on the web and an email channel which it uses to communicate with people who live in, work in and visit Slinfold parish.

The Parish Council will always try to use the most effective channel for its communications. We may ask those who contact us for their preferred channel of communication when we deal with them.

Over time, the Parish Council may add to the channels of communication that it uses as it seeks to improve and expand the services it delivers. When these changes occur, the policy will be updated to reflect the new arrangements as appropriate.

Channels and Responsibilities

Parish Council website

Our website is hosted by Vision ICT and is normally continuously available. The Parish Council will maintain one website www.slinfold-pc.gov.uk The Clerk is responsible for publishing content to the website.

Where necessary, we may direct those contacting us to our website to see the required information, or we may forward their question to one of our Parish Councillors for consideration and response. We may not respond to every comment we receive particularly if we are experiencing a heavy workload or if it does not meet with our rules and expectation.

The Parish Council may, at its discretion, allow and enable approved local groups to have and maintain a presence on its website for presenting information about the group's activities. The local group would be responsible for maintaining the content and ensuring that it meets the Parish Council's "rules and expectation" (see previous page) for the website. The Parish Council reserves the right to remove any or all a local group's information from the website.

Where content on the web site is maintained by a local group it should be clearly marked that such content is not the direct responsibility of the Parish Council.

Parish Council email

Our email account is monitored mainly during office hours, Tuesday – Thursday, 10am till 4pm and we aim to reply to all questions sent as soon as we can and within 5 working days. The Parish Council will maintain one email address for direct contact currently it is clerk@slinfold-pc.gov.uk

The Clerk is responsible for dealing with email received and passing it on to the relevant person or external agency to deal with.

The recognised procedure for the sending of emails from the Parish Council to residents, businesses and organisations is that they will be sent by the Clerk. Where Parish Councillors need to communicate with residents, businesses and organisations they should, preferably, keep to the recognised procedure by sending their email to the Clerk. Where for reasons of expediency this is not practical the

email concerned must be copied to the Clerk. This procedure was adopted to ensure that a complete and proper record of all correspondence is kept.
